

RISE and HOP Program Guidelines

If you are chosen for a scholarship award, you must abide by the following program guidelines:

1. BE HERE! Awardees must be present during the entire program period and the activities are to be completed by May 31, 2015.
2. TELL US WHO YOU ARE and IF THIS PROGRAM MADE A SIGNIFICANT IMPACT ON YOUR EDUCATION OR CAREER TRAJECTORY! Per NASA requirements, Scholarship recipients are required to provide information through periodic surveys from Nevada Space Grant or NASA representatives for 5 years after the scholarship period. (This helps us learn the value of these programs and is important to continued NASA funding of Space Grant programs!)
3. TELL US WHAT YOU DID! Each student must prepare and present an oral or poster presentation for the Nevada Undergraduate Research Symposium, Undergraduate Research Summer Poster Session or for the Nevada NASA EPSCoR and Space Grant Annual Meeting. (The poster or presentation should represent the research/project effort performed over the course of the funded project period. You can receive guidance from your Mentor on this.)
4. AWARD ACCEPTANCE! Upon notification of receiving an award, each awardee will be required to submit the following documents via the link provided or via e-mail to nvspacegrant@nshe.nevada.edu:
 - a. Electronic Award Acceptance Guidelines form
<https://www.research.net/r/SGAwardAcceptanceGuidelines2015-2016>,
 - b. Student profile form <https://www.research.net/r/SGStudentProfile2015-2016>
 - c. Digital photograph of awardee
 - d. Abstract of the project
 - e. Brief biography (no more than 1/2 page)
5. MAINTAIN YOUR GOOD STANDING AS A FULL TIME STUDENT! Each awardee must maintain good student standing to be eligible for a second semester of support. Semester grades must be submitted electronically at the end of the fall 2015 semester to nvspacegrant@nshe.nevada.edu.
6. Any written materials supported in part from this award shall acknowledge the NVSGC **NASA Training Grant #NNX15AI02H**.
