

Promising Programs & Practices (P³)

A new monthly info session for, and by, the National NASA Space Grant Community

November 2020 Session: **Monday, 11/09/2020 @ 3 pm EST**

How AZSGC Transitioned to a Virtual Symposium After 29 Years

Presented by Michelle Coe, Arizona Space Grant Program Manager

Michelle Coe is a University of Arizona graduate and former Arizona Space Grant Consortium (AZSGC) intern and fellow. Now, she works as the Program Manager for AZSGC and is thrilled to be part of the management team. A version of this presentation was given at the Fall 2020 National Space Grant Directors' Virtual Workshop.

Program Agenda

- 3:00 pm EST: Icebreaker/Announcements
- 3:15 pm EST: Presentation with Q&A
- 3:55 pm EST: Open discussion

About P³: Promising Programs & Practices is a new, monthly info session organized by the Communications Working Group Co-Chairs, Colleen H. Fava and Susie Johnson. On the second Monday of each month we will feature promising programs or practices from members of the National Space Grant community. For the first two sessions, we will not require any registration. Affiliates are welcome/encouraged to attend. Depending on the level of attendance, we will revisit a registration format in January. We currently have presentations scheduled for November, December, & March.
